

Alexandra Paige Ryles

July 12, 2001 - January 15, 2019

Alexandra Paige Ryles, our sweet, beautiful Alley, went home to be with our Father in heaven on January 15, 2019. Alley fought a long hard fight, but never lost her beautiful smile. Alley had a smile that could light up any room or mood. No matter her pain or the events she was going through, she always fought through it with a smile. She was as wild as an alley cat from the time she was born. To many of us that's who she was, our feisty "Alley Cat". Alley was our super hero. She was stronger than any of us could have ever imagined.

Alley loved fishing and hunting with her daddy. Sometimes the only way to get her to do her homework was to tell her they would go fishing. Alley had a special way wrapping her daddy around her finger to get in a fishing trip. She was the best fishing partner any dad could ask for. Alley had her mama wrapped around her fingers as well. Her mama was her best friend. She loved to make jewelry with her mama, or plant beautiful flowers, or ride around in the old Dodge. Alley would shift the gears while mama worked the clutch.

Alley loved everything to do with the outdoors. She had a love for horses and all animals like no other. She would light up at the sight of all "fur babies" big and small. She enjoyed riding horses at Brave Meadows Therapeutic Riding Center in Gray. Mrs. Shannon said one of Alley's favorite things to do while at the center was to hold the silkies. She was as tough as a junkyard dog and

could hang with her two brothers no matter the adventure they were on. She loved going to visit with Ma and Pop and watch her favorite cartoons and Raising Hope. She loved to dance and sing with her cousins and take funny selfies. Alley touched so many lives. She made such an impact and everyone was blessed to have met her. She had a love for everyone and everything that is as everlasting as the rising sun. We have the comfort of knowing that Alley is waiting on us in heaven at the best fishing pond her daddy always talked to her about. Alley was preceded in death by her grandmother Debra Sue Ryles, her aunt Jenna Helen Ryles and her uncle Christopher Charlie Ryles.

A graveside service for Alley is scheduled for Saturday January 19, 2019 at 11:00 AM at Crestlawn memorial Gardens (Hwy 16 across from the old VFW) with Terry Ryles II officiating.

Alley is survived by her parent Timothy and Carrie Hunnicutt of Eatonton, her 2 brothers Raymond Ewing and Charlie Williams both of Eatonton, grandparent Raymond Ryles, Sr. of Shady Dale, and Calvin and Francis Hunnicutt of Eatonton, also Pam Holland and sons, as well as many aunts, uncles and cousins who she loved and who loved her.

“ I have an extremely soft spot for people who have incredible burdens and somehow still manage to display unimaginable courage.

My mother spent so many years bedridden with a worthless body and a razor sharp mind and through it all managed to draw those to her who needed her example.

My years volunteering at Brave Meadows Therapeutic Riding Center in Gray, Georgia brought me into contact with many afflicted with numbing burdens who have exhibited that same character.

They go in and out of your life but they always leave an unforgettable impression.

They always leave you inspired and lifted.

Alley was clearly one of those.

I bought a paper today, the first in some time, and casually checked the obituaries to see if my name was there and I was saddened to see Alley's picture. Before I read the words she came flooding back to the front of my memories.

She spent most of her time in the barn holding a chicken or two or a cat or two in her lap because her exposure to the sun had to be limited which affected her riding time. She was an unabashed chicken fancier. I would tell her how tasty those chickens looked as I reached for them, "Let me see how plump they are!"

In a flash she would summon strength from somewhere and solidly slap my hand away.

I teased her unmercifully and she gave as good as she got.

Thank God for the lessons Alley taught me. To have her pass

through my life has been a great blessing.

“ *Alley was an inspiration to everyone she met. Her strength of character and beauty were unstoppable. She made a wonderful impression on everyone she met.*
. If there was a perfect world on earth, a cure would have been developed by now.
I will always remember her riding at BRAVE MEADOWS. She was so happy there being free of the ground and hugging on cats and chickens all at once.

“ *Alley was the best anyone could ask to be around. She was a light in the darkness. She had the best sense of humor, was smart, sweet, and sassy! She loved everyone, and everyone loved her. She will be truly missed by all, but will be in our hearts forever. Rest easy and fly high, go be the angel that you have always been! Love*

“ *Alley Cat! One of kind, easy to love, and always a joy! When Alley entered a room the atmosphere changed. She had the unique ability to warm hearts, soften faces, and bring sincere joy to all around. My heart is broken, but I know that Alley is enjoying heaven. My prayers are with you all.*

“ Alley could light up the room with her smile! I loved her hugs and fist bumps. She was an angel and a ray of sunshine! I'm thankful I got to teach her painting and pottery. She was a gift to me with her sweet spirit. My thoughts are with the family and hope they know what a positive impact Alley had on everyone she met.

“ *Such a beautiful soul! I remember when I first met her and she rode my bus. Bus #48 at the time. She always sat behind me and talked to me. As she got older her health declined but she always continued to have a smile on her face and the wonderful fist bumps she always gave the kids was just remarkable. She was the first student that made me happy to be a bus driver and show me that working with students is where I was ment to be. You will be missed sweet girl! Rest easy beautiful!*

“ *I loved my Alley Oop!
Here's a poem I wrote for her when she was in 8th grade at the
middle school....*

Inspire. Innovate. Excel.

*If her body would let her...
There's no doubt she would excel.
Her grades--all A's--no test she'd fail
If her body would let her...
Her ideas would astound you; they'd be so great.
She'd rise to our motto...she'd innovate.
If her body would let her...
We'd all see a young lady at the top of her class.
No one would doubt her; no questions asked.
But there's one thing her body can't stop--there's a fire.
A fire that burns from within to inspire
Middle school is hard; problems never seem to letup
But because of her--because of her--we don't give up.
Her smile warms your heart; her hugs make you feel love.
She leaves you thanking the one from above.
This sweet girl touches all of our lives; we all concur.
She deserves to be honored and her body will let her.*

Thank you, Sweet Girl for all you left us.
