“ *Dear Van....you have my heartfelt sympathy. Growing up with Benji on first street in Charleroi is one I'll never forget. Playing socci and basketball in the alley. You also know the good times we had in Charleroi. It's a time kids today could never imagine. We are having our 55th class reunion next weekend. The paper had Benji graduating in 1961, but it was actually 1962. Well, God Bless and know that Benji will be received in a much better place.*

*Respectfully,
George Missiriotis*
