“ We didn't see him often but when we did it was always a rememeral experience. My earliest memory of him was being picked up from elementary school from my Mom & Aunt saying they had a huge surprise for us. They were so excited, and I mean excited!...turns out Uncle Carl had come back from Australia after many years. I remember another time him trying a hotdog somewhere we had gone for the day in FL and him saying how it tasted like crap compared to the ones in NY. I remember how much he loved his dogs, especially Bruce. He loved Australian Blue Heelers. I remember him taking us all out to some property he bought and telling us about his plans he had for it. And I remember he took us to a restaurant that he swore had the best she crab soup, and he was right. That short, bald man was so hard headed but had a great heart. His death has left a strange emptiness in all of us. And as little as we saw him, for his death to affect us the way it has just shows what kind of a person he was. Love you always Uncle Carl.

“ Oh Mama, I am so sorry for your loss. I have good memories of Uncle Carl. He was the life of the party, always laughing and joking around! I wish we could have seen him and hugged him one last time before he left but, I am glad he was able to live his adventurous life the way he wanted to. Until we see him again, we will think about him and miss him often!
Love,
Kelly
