“ *Jean will probably come back and haunt me because I hadn't been down to visit since Covid but I sure didn't want to bring any germs. My bestest friend from 7th grade till death. We have enjoyed so much laughter thru the years, shared our secrets and our fears. Best friends are hard to find but I had one in Jean. No matter when we talked we just caught up and shared memories. She was always a great hostess for our "friends get togethers" and kept us all close since HS. The last few years had been physically demanding on her but she faced it like a champ. Until we meet again I will enjoy our memories. LOVE YA, Linda*
