“ *Praying for your family.*”

“ *My granny where do I even begin. She was an amazingly strong woman who fought to the very end. She loved her family and adopted family. She never met a person she didn't fall in love with and cause them to fall in love with her. Her smile. Oh gosh it would light up the room even on the darkest days. She was our rock. Growing up she would keep us in the woods whether it be a long walk to the power line on Godfrey Hwy or down to the creek where we would stay just about all day. Or the early mornings when we would get up and couldn't find her in the house but as soon as we opened the back door she would be on the porch cup of coffee in hand and she would be out watching her birds. She made many quilts for us growing up and tried to teach us how to make them as well. Her delicious buttermilk biscuits. I don't care how hard I try I can't get them as good as hers were. My granny has left an amazing legacy behind here on Earth. I know that this morning when she walked through those gates she had a smile on her face when she was reunited with all of our loved ones that were there waiting for her. So until we meet again my granny I love you and miss you. Please keep an eye on us all.*”
