“ *When we first moved to Eatonton, Marion invited me to a Mainstreet retreat where I learned all about Eatonton. I now write a column for the Messenger and when people ask me how a "newbie" could know so much about the Briar Patch, most of the credit goes to Marion for introducing me to all the movers and shakers. Because of him, I feel firmly planted in the Briar Patch. And I hope people visit the garden at the armory on Godfrey Rd. that his Master Gardeners Club planted for him. What a fitting tribute.*

“ *I was able to work with Marion for a short time at Harcros before his retirement. He was always a pleasure to work with and respected by all in the chemical industry. He will be missed, but always remembered for the man he was.*

“ I am so sorry to hear about Marion's passing. He was a great friend to anyone in the chemical industry. I was inspired by his knowledge and work ethic but loved hearing about the personal things as well-- his trips with Patsy to learn about all kinds of subjects, his love of his little dog, his gardening. He always said he needed a passport to come to Alabama but I know he didn't need one to go to Heaven. My prayers are with the family.
